To  
Presidents/Secretaries  
All affiliated State/UT Units and Boards of  
Boxing Federation of India

Subject: Requirement of NOC and Home State Participation for National Championship

Dear Sir/Madam

I hope this letter finds you well. I am writing to inform you about an important update regarding the participation of boxers in the National Championship.

Boxers serving in the Railway Sports Promotion Board (RSPB), All India Police Control Board (AIPSCB), Services Sports Control Board (SSCB), and Steel Plant Sports Board (SPSB) are required to obtain a No Objection Certificate (NOC) from their respective departments before they can participate in the National Championship from their home state. Furthermore, these boxers can only participate from their home state, either the state where they were born or the state where they are currently serving.

This requirement is to ensure that all necessary permissions and clearances are obtained, and the boxers are officially allowed by their departments to participate in the championship from their home state. This will help in maintaining transparency and order in the conduct of the championship.

We kindly request you to inform all relevant boxers about this requirement and guide them in obtaining the NOC from their departments. Please ensure that the boxers are aware that they will only be allowed to participate in the National Championship from their home state after they present the NOC.

We appreciate your cooperation and support in this matter.

Thank you for your attention to this matter.

Best Regards,

Yours Sincerely,

Hemanta Kumar Kalita  
Secretary General  
Boxing Federation of India
