

### **Policy on Personal Coaches and Support Staff During National Coaching Camps:**

In accordance with the protocols that have been followed at the National Coaching Camp over the years, no personal coaches or support staff will be permitted for any national campers during the official camp period.

This policy has been implemented to ensure the holistic development of athletes and to maintain a uniform training environment. The objective is to promote a standardized approach to training that aligns with national goals and maximizes the chances of success at international competitions.

By adhering to this policy, the Federation aims to foster a collaborative, focused, and performance-driven atmosphere, thereby contributing to the overall progress of Indian boxing on the global stage.

This policy shall remain applicable for the entire Olympic cycle, leading up to and including the 2028 Los Angeles Olympics.
